

## NSF Approvals

Effective 4/7/16

These Apollo Products have been evaluated by an ANSI approved 3<sup>rd</sup> party testing agency and meet the requirements of the following NSF standards as noted below:

- **NSF/ANSI 61 Section 8** “Drinking Water System Components - Mechanical Devices (Low Lead and chemical / organics leaching test)
- **NSF/ANSI 372** “Drinking Water System Components - Lead Content” (Lead Free 0.25% max testing only)
